

Selecting the right security solution is too often a compromise between competing technologies.

VEREX Technology has combined the power of the MONITOR ISM hardwired system with the flexibility and proven reliability of INOVONICS Wireless technology.

Wireless Receiver

The INOVONICS/VEREX wireless receiver adds wireless capacity to any MONITOR ISM™ system. Each wireless module supports up to 32 Inovonics devices. Better wiring options and flexible programming are features of this receiver.

Wireless Repeater

Acts as a range extender for the wireless receiver. Must be powered by panel or external power supply.

Single Button Pendant

This single button water-resistant pendant is our smallest, lightest and most versatile product. The single-button “press and hold” activation and compact design is ideal for assisted living installations. This water-resistant pendant allows the user to wear it in the shower or outside in the rain. The pendant features a fully supervised radio link to help ensure reliability.

Double Button Pendant

This pendant is similar to the single button pendant but designed to meet the specific protection needs of the patrolling guards, bank employees, and retail store employees. Both buttons must be pressed simultaneously to initiate an alarm transmission. The dimmed LED minimizes observation of alarm activation during duress situations.

Specifications

Wireless Receiver

Inputs

Up to 32 inputs per Wireless Module

Dimensions
6.5 x 3.5 x 1

Weight
250g/8.8 ounces

Material
Molded plastic, off-white

Single Button and Double Button Pendant 900 MHz

Dimensions
5.58 x 4.82 x 1.82 mm (2.2 x 1.9 x 0.72 inches)

Power
3.0 V Lithium
Battery life 1-2 years (typical)

Weight
40 g/1.4 ounces

Single Button and Double Button Pendant – 868 MHz

Dimensions
75 mm x 40 mm x 18 mm (3" x 1.6" x 0.72")

Power
3.0 V Lithium
Battery life 3-5 years (typical)

Weight
48 g/1.7 oz

Part Numbers

120-9240	900 MHz Wireless Receiver
120-9260	868 MHz Wireless Receiver
120-9256	900 MHz Single Button Pendant
120-9276	868 MHz Single Button Pendant
120-9257	900 MHz Single Button Pendant
120-9277	88 MHz Double Button Pendant
